Mr. Robert Wright, President  
Wells Rural Electric Company  
P. O. Box 365  
Wells, Nevada

Dear Mr. Wright:

We are enclosing a copy of the loan fund audit report prepared by Mr. Carl W. Blair, REA accountant, as of March 31, 1963. A copy of this letter and report is also being furnished your manager, Mr. George Blackett.

The accountant states that work orders were to be prepared for submitting to REA to cover request for advance of funds to eliminate overdisbursement under budget purpose 2, Transmission. We note that a later requisition was submitted but no request for those funds was included therein. This should be done as soon as possible.

We suggest that the report be presented to the board of directors at its next meeting, that all information and suggestions included therein be fully considered, and that it be incorporated as an exhibit representing part of the minutes of the meeting.

We wish to express our appreciation for the cooperation extended Mr. Blair during his assignment, and shall welcome any comments or recommendations of the board of directors or manager relative to this report.

Sincerely yours,

Gerald F. Diddle, Director  
Western Area - Electric
